

EXP40

Expansion Module for the SIP-T46GN and SIP-T48GN

Expanding the functional capability of the above phones

Large graphic LCD

Two pages of 20 flexible buttons

Program up to 40 various features

Adjustable stand with two angles

Wall mountable

High-Performance LCD Expansion Module

The EXP40 is designed to match the stylish look and feel of T46G and T48G with rubber feet and new foot stand allowing two positions for the device, as well as wall mountability. The backlit display eliminates the need for external light. The unit is easy to install, simply link EXP40 to the EXT port of the phone

Equipped with a 160x320 graphic LCD with Backlight, 20 physical keys each with a dual-color LED and two page views are possible. This allows 40 additional programmable keys that can be used for speed dialing, BLF/BLA, call forward, transfer, park, pickup, etc. Two independent control keys are used for fast switch between pages.

As an attendant console application up to 6 expansion modules can be supported adding up to 240 additional buttons. More than two connections must be powered by a conventional power supply (5V/1.2A).
